### L.A. ARTEMIS

Trafford Publishing A lonely small-town girl acquires an unusual book about mythology. After using an ancient curse, she abandons the book but keeps it with her. As an older woman, her status changes. She becomes chronically ill, reclusive, and introverted. At the urging of others, she opens her home to two Katrina migrants. Her world expands, and it explodes when unexpected events sends six grandchildren—infants—to live with her. These three women never handled problems in a usual way. They do things on their own terms and each offer unique styles. People matter, including the poor. Let the adventure begin.

### KEPT

#### ONE WOMAN'S HELTER-SKELTER JOURNEY THROUGH LIFE

Xlibris Corporation Kept is a memoir that recounts the defining moments in my journey from life in a middle-class African-American family tightly bound by duty and God to a life of prostitution, drugs, and crime, and ultimately to the life I lead now- defined by faith, community, and family. It's a journey that stretches from California through Arizona and Texas and on to Memphis. This is not just another story about a woman who loses her way and finds redemption in the end. Even in cheap hotels, dens of drug lords, and prison cells, I always spoke to God. My faith sustained me, as did my love for the man who traveled this broken path along with me. That love despite extraordinary obstacles, became the foundation for the rest of my life.

### PLAY NICE BUT WIN

#### A CEO'S JOURNEY FROM FOUNDER TO LEADER

Penguin WALL STREET JOURNAL BESTSELLER From Michael Dell, renowned founder and chief executive of one of America's largest technology companies, the inside story of the battles that defined him as a leader In 1984, soon-to-be college dropout Michael Dell hid signs of his fledgling PC business in the bathroom of his University of Texas dorm room. Almost 30 years later, at the pinnacle of his success as founder and leader of Dell Technologies, he found himself embroiled in a battle for his company's survival. What he'd do next could ensure its legacy—or destroy it completely. Play Nice But Win is a riveting account of the three battles waged for Dell Technologies: one to launch it, one to keep it, and one to transform it. For the first time, Dell reveals the highs and lows of the company's evolution amidst a rapidly changing industry—and his own, as he matured into the CEO it needed. With humor and humility, he recalls the mentors who showed him how to turn his passion into a business; the competitors who became friends, foes, or both; and the sharks that circled, looking for weakness. What emerges is the long-term vision underpinning his success: that technology is ultimately about people and their potential. More than an honest portrait of a leader at a crossroads, Play Nice But Win is a survival story proving that while anyone with technological insight and entrepreneurial zeal might build something great—it takes a leader to build something that lasts.

### III WISHES

AuthorHouse Jamil, Eric and Alicia were best friends and they as far as they were concerned, they would do anything for each other; even die. However, when Rome unleashes a plot that would forever change their relationships, he also forces them to stand in front of a mirror and question just how strong their commitment to each other really is. They discover that even truth can contain deceit and are forced to fight through an avalanche of secrets that leave them on the verge of tearing each other apart. Truth is only truth if it is absolute and they can do nothing to stop the impact of their secrets as it wreaks havoc on all involved.

## THE DEFINITIVE BOOK OF BRANDING

---

SAGE Publications India With the growing body of knowledge on branding, there are now more facets of branding that brand custodians need to know than ever before. A unique compilation of branding experts, The Definitive Book of Branding addresses the needs of branding professionals across the world. The book walks the reader through the different ways in which brands drive the company's strategy, bring meaning to employees, instil passion in consumers, and maintain their appeal over time and across countries. It does not look only at the marketing aspect of brands but also at the organizational aspects of branding, which provides a holistic approach to the subject.

## BETRAYED

---

Black Feather I was never supposed to go to the Between. I was never supposed to fall in love with Caius. And yet, I've done both. Since stepping through that portal, I've done a lot of things I never thought I would. Like coming face-to-face with a god. Or encountering the one person in all the worlds I didn't want to meet. Or having a fairy floor me with just a few words and realizing things are a lot more complicated than just stopping the Lost. Everything is changing, secrets are revealed, and something that shouldn't even be possible has become reality. I never imagined any of this could happen. My imagination was clearly lacking.

## BUFFALO BILL'S GIRL PARD; OR, DAUNTLESS DELL'S DARING

---

DigiCat The baron, dazed by the sight of the yellow bar, was unable to say a word. He did not protest, or disavow any evil intentions, for he was so dumbfounded he could not speak. His silence, of course, looked like a tacit confession of guilt. The whole cut-and-dried affair had worked out to the baron's disadvantage and to the benefit of the scheming scoundrels, Bernritter and Jacobs. They had shifted the responsibility of the theft of the cyanide bullion to the Dutchman: And might not McGowan think that he was in league with the red bullion thieves who were believed to be back of the other thefts of bullion? The sharpest criminals are short-sighted as to one or two details, in even their cleverest trickery. Bernritter had overlooked the fact that possibly the Dutchman might be a pard of Buffalo Bill's; and, if this should prove to be the case, then nothing could keep Buffalo Bill from getting into the game. The baron, properly roped, was tied to his horse and led on across the desert in the direction of Phoenix. He was still silent, but he was doing a lot of thinking.

### A NOVEL

---

Three Rivers Press Dell Fletcher is the Roadrunner, a black major-league baseball star who seems to have it all. He's married to his college sweetheart, Leah, and they have two children and a dream home in Los Angeles. But an injury has sidelined his hot career, and prescription medication and depression are pulling him into a downward spiral, leaving Leah feeling emotionally distanced and lonely. Their fighting escalates, and one night Dell commits an act of violence that changes the course of their lives forever. But Angel Lopez, the cop who arrests Dell, decides to take the law into his own hands. Determined to teach the famous athlete a lesson, he drives Dell to the worst part of town and tries to kick him out of the car. The men struggle and the car crashes. When Angel comes to, Dell is gone and no one knows if he's dead or alive. Leah is grateful when a guilt-stricken Angel offers to chase the media away from her home and help out around the house, "just until Dell comes home." She and her family grow to trust him, and Angel falls in love with the Roadrunner's lovely, grieving wife. Will Dell find his way home? Will Angel replace him? And what really happened that dark night the Roadrunner disappeared? From the Trade Paperback edition.

## BEACH FLIRTS! 5 ROMANTIC SHORT STORIES

---

---

### FLIRTS! VOLUME 2

---

Lisa Scott Amazon readers say: "...highly recommend and so hilarious that you'll wish flirting and romance were ALWAYS like this :-)" "You won't be able to stop at just one." Beach Flirts! 5 Romantic Short Stories set in the summer sun on Cape Cod. Fun, sweet, and sassy love stories to squeeze into your busy life. Discover the loose thread that connects the stories and ties up in a perfect, happy ending. Each short story is 9,000-12,000 words in length (or 36-48 typical book pages.) The entire collection is 52,000 words long, (or 208 pages.) Stories include: "Ex On The Beach" She's trying to forget the fiancé who cancelled their wedding—until she sees her ex on the beach. Heather should be celebrating her first wedding anniversary instead of the first annual Parker Family Reunion. Then she sees her ex on the beach—and he wants her back. Now, their two families will stop at nothing to get them together. But is it too late for love? 10,000 words, or 40 typical book pages. "She's Hot Now" She never used to get a second look; now Natalie's the hottie on the beach. Can she handle the heat? After a big weight loss, everyone's checking out Natalie. She's not comfortable being the center of attention, especially not around her friend's gorgeous boyfriend and his pals. But one special guy might just prove looks aren't everything—even when you do look good. 9,000 words, or 36 typical book pages. "Girls Just Wanna Have Finn" It's girls' week at the beach--until the hottie from high school shows up. So who gets Finn? When Anna and her gal pals spot a hunk on the beach, she learns he's a womanizer who hooked up with all her friends back in high school. Now he's after her. Is he a changed man, or is he still a dog on the prowl? 10,000 words, or 40 typical book pages. "Washed Up" When she saves her dream guy at the beach, he wants something more.... Molly saves a guy washed up on the beach, and discovers he's the heartthrob from her youth—actor Michael Sullivan. The press makes it look like a blossoming summer romance, and Michael wants Molly to play along. Do happy endings only happen in the movies? 12,000 words, or 48 typical book pages "Hot for Summer" The beach goddesses are after the most eligible bachelor on the shore. So why is he hot for Summer? After losing her job, her guy, and her apartment all in one week, Summer needs a break at her friend's beach house. But her biggest problem isn't the snobby beach babes who ignore her, or the old diner she's trying to save--it's a tall, gorgeous man who has no business being interested in her. Will it be a summer to remember? 9,000 words, or 36 typical book pages Beach Flirts! Just 2.99 for the collection or .99 each for the individual stories. Hot fun in the summer sun...get yours now! Check out the first collection, Flirts! 5 Romantic Short Stories, Holiday Flirts!, Fairy Tale Flirts!, Wedding Flirts!, More Flirts!, Reunion Flirts!, Fairy Tale Flirts 2!, Office Flirts!, and Magic Flirts! Look for Twin Flirts! in early 2015. And don't miss Lisa's Willowdale Romance series.

## THE BRAMBLE BUSH - PAGES FROM DELL'S BOOK OF LIFE

---

Lulu.com Most human beings have their own private places, places to hide, places to conceal their most tender feelings, places to dream, cry, nurse wounds and heal, undisturbed by casual public scrutiny, uncaring passersby. I visualize my private place as a big, leafy-green bramble bush, full of protective thorns. These thorns are long and sharp, to be sure, but they are not poisonous. They are there to protect my private place and keep intruders away - - unless I decide to invite them in - - and they do provide safe, secure perches for visitors . . . like you. "I think of my life as a book. It has a beginning and an end, with a finite number of pages in between. Across the years, there have been certain moments, certain feelings and moods, certain experiences and observations, certain days - - good and bad - - that linger in memory, bookmarks in a commonplace life. I am not an artist but I try to paint my sketches and pictures with words, brush stroke word by brush stroke word."

### HOW DELL DOES IT

---

McGraw Hill Professional In its March, 2005 issue, "Fortune" magazine dubbed Dell Inc., the "Most Admired Company in the U.S." Such high praise is nothing new for Dell. Long before it made it onto the Fortune 100, in 1992, Dell has been the company to watch. So much so that Dell-watching has spawned a veritable cottage industry within the business press. A river of ink has been devoted to describing Dell's lightening-fast style of swooping into and rapidly dominating established markets, its famous "zero-tolerance" inventory practices, and its revolutionary use of the Internet to sell direct. Yet, for all the intense scrutiny, so far all who've tried to duplicate Dell's success have failed. Can it be that the pundits have been overlooking an essential truth about what makes Dell tick? Find out in "How Dell Does It." In the most rigorous and systematic examination of the company yet, industry insider Steven Holzner dispels the many myths and misconceptions swirling around Dell, Inc. to reveal the true soul of Dell. He takes us inside day-to-day operations at Round Rock, Texas, to explore the company's processes, practices, and culture. And, he explains how Michael Dell and his lieutenants have, through strict adherence to a set of core principles, ignited a business revolution as profound in its implications as the one sparked by Henry Ford at the dawn of the 20th century. How does a \$49 billion company with 57,000 employees worldwide, consistently perform like a hungry upstart? What does Michael Dell mean, exactly, when he says that "inventory is ignorance?" How is Dell's obsession with ROIC (return on invested capital) reflected in its market segmentation practices, and how are those, in turn, mirrored in its approach to managing growth? How fundamental to Dell's success is the "virtual integration" of customers and suppliers, and how does it work? What has been the impact of Dell's unorthodox personnel practices, such as reducing the responsibilities of its most successful managers? Holzner provides detailed answers to these and dozens of crucial questions about how Dell does it. Like no author before him, he carefully delineates the Dell business model in all its parts and shows how they interconnect. And, perhaps most important, he extracts powerful lessons about doing business in the new millennium--lessons that leaders in any industry can use to create leaner, meaner, turn-on-a-dime enterprises, and, ultimately, succeed the way Dell does. Reveals the Key Management Principles Behind Dell's Unprecedented Success The story of how Michael Dell grew a dorm-room, custom-PC shop into the world's leading computer systems company, in just 21 years, has become part of modern business lore. But until now, none of what has been written about Dell, Inc. and its business practices has afforded business professionals a clear, practical understanding of the guiding principles underlying the company's phenomenal success. In "How Dell Does It," industry insider Steven Holzner cuts through the hype surrounding Michael Dell and the company he built to expose the core principles that have guided Dell, Inc. from the start. He takes us deep inside the company to explore, in exacting detail, every aspect of the company's processes, practices, and culture, and he shows how they function within the framework of Dell's revolutionary business model. He distills powerful lessons that business leaders in every industry sector can use to achieve extraordinary results the way Dell does. Among other things, you'll discover how to: Adapt Dell's just-in-time inventory techniques to your company Use "virtual integration" to turn customers and suppliers into partners Anticipate and adapt to market changes at a moment's notice Harness the awesome power of the Internet to achieve record growth Motivate employees to new heights of innovation and productivity
