HELL IS ROUND THE CORNER

THE UNIQUE NO-HOLDS BARRED AUTOBIOGRAPHY

Kings Road Publishing Tricky is one of the most original music artists to emerge from the UK in the past 30 years. His signature sound, coupled with deep, questioning lyrics, took the UK by storm in the early 1990s and was part of the soundtrack that defined the post-rave generation. This unique, no-holds barred autobiography is not only a portrait of an incredible artist - it is also a gripping slice of social history packed with extraordinary anecdotes and voices from the margins of society. Tricky examines how his creativity has helped him find a different path to that of his relatives, some of whom were bare-knuckle fighters and gangsters, and how his mother's suicide has had a lifelong effect on him, both creatively and psychologically. With his unique heritage and experience, his story will be one of the most talked-about music autobiographies of the decade.

TRICKY VIC

THE IMPOSSIBLY TRUE STORY OF THE MAN WHO SOLD THE EIFFEL TOWER

Viking This is the true story of one of the most crooked con men ever to have lived, a man whose infamous scheme led him to be known by the Secret Service, police, and admirers around the globe as 'The Man Who Stole the Eiffel Tower.' A Junior Library Guild Selection 'What a con job! I mean that in the best possible way. Vic was tricky but so is Greg Pizzoli. His storytelling and mixed-media artwork is rendered with expert sleight of hand.' Lane Smith, Caldecott Honor winner for *The Stinky Cheese Man and Grandpa Green* 'It's hard enough to make a well-told story out of real-life things - it's almost unfair that Greg Pizzoli could also make it this pretty.' Jon Klassen, Caldecott Medal-winning author and illustrator of *This Is Not My Hat*

THE HARDEST QUESTIONS TO ASK ABOUT CHRISTIANITY (AND SOME ANSWERS)

The Good Book Company Pornography is no longer universally looked down on as bad or unhelpful, but is often seen as something to enjoy without guilt. Christians, however, work to a different agenda-one set by the Bible's revelation of the true meaning of sex and relationships. This short book surveys the Christian worldview and applies it to the complex issues surrounding pornography, helping Christians know how to think about pornography with biblical conviction, and compassionate understanding for those influenced by it. Discover the liberating and satisfying view of sex found in the gospel.

TRICKY DESIGN

THE ETHICS OF THINGS

Bloomsbury Publishing Tricky Design responds to the burgeoning of scholarly interest in the cultural meanings of objects, by addressing the moral complexity of certain designed objects and systems. The volume brings together leading international designers, scholars and critics to explore some of the ways in which the practice of design and its outcomes can have a dark side, even when the intention is to design for the public good. Considering a range of designed objects and relationships, including guns, eyewear, assisted suicide kits, anti-rape devices, passports and prisons, the contributors offer a view of design as both progressive and problematic, able to propose new material and human relationships, yet also constrained by social norms and ideology. This contradictory, tricky quality of design is explored in the editors' introduction, which positions the objects, systems, services and 'things' discussed in the book in relation to the idea of the trickster that occurs in anthropological literature, as well as in classical thought, discussing design interventions that have positive and negative ethical consequences. These will include objects, both material and 'immaterial', systems with both local and global scope, and also different processes of designing. This important new volume brings a fresh perspective to the complex nature of 'things', and makes a truly original contribution to debates in design ethics, design philosophy and material culture.
